

DOLCE & GABBANA

DOLCE&GABBANA X STABILO

Dolce&Gabbana and STABILO collaborate for the first time on an exclusive highlighter collection, designed to give voice to everyone's artistic side.

A leader in the writing industry, STABILO is a German brand specialising in the production of highlighters, writing instruments and coloring pens and pencils. Founded in 1855, STABILO is synonymous with quality, colour variety and innovation. Bold designs and ergonomic features have made the brand's products a favourite choice of students, artists and professionals around the world.

For this first collaboration, four creations have been chosen that recall some of Dolce&Gabbana's most iconic patterns: the cheerfulness of traditional Sicilian decorations embraces the *Milky Yellow* STABILO BOSS ORIGINAL highlighter, the biting and decisive soul of the Leopard characterises the *Beige* shade, while the black and white of the Zebra print and the Mediterranean Blue majolica decorate the *Black* and *Cloudy Blue* models respectively.

On this occasion, even the packaging is dressed in the unmistakable style of Dolce&Gabbana: the markers are contained in a package characterised by the typical friezes of the Sicilian Cart, elements that have always been dear to the creative imagination of the Italian lifestyle brand.

On the occasion of the launch of the project, a limited number of boxes from the Dolce&Gabbana x STABILO Collection will be available on sale on September 28th only at the Dolce&Gabbana newsstand in Corso Venezia in Milan, decorated with the iconic Carretto Siciliano print. With each purchase at the newsstand exclusive products designed to celebrate the collaboration will be given away.

The Dolce&Gabbana x STABILO Collection will be available from October 2024 on the e-commerce dolcegabbana.com and at select STABILO retailers in Europe.
